## **Astrological Compatibility**

Astrologically, each individual is represented by a chart of the planets and houses at the moment of his birth. By comparing and contrasting the interrelationships of two separate charts, the astrologer can reveal the many ways and many levels that two people relate with each other. This is the astrological art of synastry as it has been practiced for several thousand years. This report analyzes each of the two selected charts and interprets the astrological connections between them. The charts' data, along with planetary positions and house cusps, are printed on the previous page. There are four possible sections to this report, two for each of the charts. Any one of them, or all four of them, will be included here depending on which were requested. For each individual the two possible sections are: 1) How this person approaches relationships. This section considers only the one chart, and is appropriate for all relationships this individual makes. 2) How this person relates specifically with the second person. Here each paragraph interprets a contact between the two charts from one chart's point of view. The text here pertains to this one relationship only, and should be understood in light of the actual nature of the relationship. Remember that every relationship contains points of similarity and harmony as well as points of conflict and discord. Through understanding, it is possible to cultivate and encourage the positive and harmonious, and keep relationships growing and fruitful through the highs and lows of the passing years.

## **Report for Ben Affleck**

### **How You Approach Relationships**

You are always sensitive to others' feelings, and you pick up on even the slightest change in mood. Life for you is, above all, an experience to be lived and felt, and you find yourself sometimes up and sometimes down. You look to your partner for continual advice and guidance. You prefer a mate who is able to give you an overview or picture of what is happening. It's even OK if your partner runs a tad cool, because you tend to run a little hot... sometimes gushy. You depend on the calm, disciplined advice of a good manager -- which is what your partners often turn out to be.

*Capricorn on 7th Cusp*

You like a partner that is a hard worker, perhaps a little on the serious side -- a mainstay of the community. They may tend to run a little cooler than hot, and this is OK with you. You may benefit from the discipline that an older, more accomplished, life brings to you. You may have a tendency to find your partners restrictive and too serious at times.

*Saturn Ruler of 7th*

## Report for Ben Affleck Strengths in your relationships

You really know how to pace yourself and seldom waste a moment or a move. It would be difficult for you not to be a success at anything you choose to do. Career problems seldom last long or prove very difficult. Others remark on your creative energy, great drive, and the fact that you never seem to let up. It all runs so smoothly. You may be moved to work with the law, publishing, education -- any field where you have an opportunity to guide and educate others.

*Mars Trine Jupiter (orb: 01 35')*

People just naturally love you, perhaps because they sense that you really care for them too. This amounts to more than just a minor talent. You have lots of friends, and many relationships. You're just fun to be around. You may hang out with artistic types, or be one yourself. The feminine, in all of its aspects: fashion, beauty, style, etc., is your cup of tea. You love people and working with the public.

*Moon Trine Venus (orb: 02 50')*

A real love of science and natural laws. You are a hard and tireless worker with absolute determination and the ability to carry great projects through to completion. Always the protector to all those you come to know, you tend to have long and secure relationships. Since you are a natural conservative, those older than yourself (authority figures) tend to benefit you.

*Sun Sextile Saturn (orb: 04 04')*

You are attractive and tend to be physically active. You just might participate in or manage some athletic endeavor. You are in tune with your feelings and really know how to play a crowd for the maximum response. You can always count on support from those around you. You seldom hide how you feel and therefore are no stranger to an occasional argument. You probably got a lot of emotional support as a child, especially from your mother.

*Moon Sextile Mars (orb: 04 23')*

An original thinker, perhaps an inventor. You have a very sharp mind, capable of real insight. You are always thinking of new ways to do things or a new use for something. You are great at finding solutions for existing problems where others have run out of ideas. Almost anything can be turned to an advantage, once you put your mind to it. Communication of all kinds, especially computers, electronics, and the new technology, is right up your alley.

*Mercury Sextile Uranus (orb: 04 37')*

You were born lucky and have never had trouble finding support and approval from others. You may find that working with people is what you want to do for a career. Whether professionally or not, you will find yourself guiding and directing other people in one way or another. You have a way with other people and could do well in advertising, sales... any occupation that works with the public. If

anything, you might have had it a little too easy, been a little too lucky.

*Moon Sextile Jupiter (orb: 05 58')*

You have an uncanny sense of justice coupled with an innate ability to interpret the law, whether manmade or natural. This may manifest thru your showing others the way thru, or beyond, the problems in their lives. A practical sense of how to manipulate the opportunities that appear in life. Just plain luck! A natural love for those with more experience or authority. A teacher, or benefactor, is likely.

*Sun Trine Jupiter (orb: 05 60')*

You have great emotional control, and this allows you to pace yourself in ways average people cannot. You can keep control when others lose it. This suggests the capacity for sustained effort on your part which may manifest in a natural athletic ability. Your relationships, which tend to be long lasting, are easy going. There is an accent on leadership and masculinity.

*Sun Conjunction Mars (orb: 07 35')*

## Report for Ben Affleck Challenges in your relationships

You sometimes have trouble distinguishing between your dreams of life and the actual reality. Or you lack the discipline to make those dreams real, to work to make reality be as you always dreamed it could be. This could lead to unreasonable expectations of other people, especially your lover. A tendency to daydream finds you with a number of false starts. You are easily distracted and have difficulty carrying things through to the finish. You may worry about being deceived by others.

*Mars Square Neptune (orb: 02 16')*

You don't always say just what you mean. For that matter, you may sometimes not even know how you feel about something. You tend to envy people who can always put their finger on how they feel. It can be hard for you to talk about your feelings. Any partner will have to understand this about you. Are you often moody? Yes, probably.

*Moon Square Mercury (orb: 06 14')*

Power struggles are no stranger to you. You tend to put off confrontations until they build up and then explode, kind of like having your own built-in volcano. You probably have considerable emotional tension and a strong sexual drive. Your flair for secrecy could find you with more than one lover, several affairs.

*Venus Square Pluto (orb: 06 60')*

You may have a fear of taking the plunge, letting go. Perhaps you are hesitant to trust your vision or your dreams, lest they overpower your day-to-day routine. As for relationships, you tend to worry about being deceived. There is tension present as to just how much you dare trust your more mystical side. Perhaps you have been disappointed by authority figures, more due to your over-idealizing them than to their own faults.

*Sun Square Neptune (orb: 09 51')*

## **Report for Ben Affleck Your Relationship with Matt Damon**

The two of you may work together in the public eye. From the very first, you saw that he was a natural complement, and you knew that you could always count on his support. You might actually form some kind of business partnership. He seems to respond to your every mood. There is real harmony between the two of you. Others could come to depend on your relationship for reasons of their own.

*His Moon in Your Seventh House*

Meeting Matt has had a grounding effect on you. Knowing him has been a real experience, and you have had to let yourself feel that experience. There is this sense of the two of you feeling through life as friends -- living it. Not a whole lot of reflection perhaps. This is a relationship that you could build upon. It marks the start of something solid in yourself. Matt brings out the homing instinct in you, or you could benefit materially from knowing him.

*His Sun in Your Fourth House*

You may get together with Matt to talk about home and family, and sending down roots. His ideas are down-to-earth and settling, and you find this a relief from all the jet-set kind of conversation that is the norm. He seems almost like a family member, and you feel good when the two of you are together. He always manages to remind you of the virtues of a simple life, without all the fancy stuff. You may learn of property or housing arrangements through him.

*His Mercury in Your Fourth House*

Matt appreciates your sense of self -- the way you feel and express yourself. He is proud of you and always urges you on to greater heights of creativity and self-expression when you are with him. Through him you may discover that you are more of an artist or performer than you had imagined. There is much affection and plain old good feelings. Great friendship potential. A healthy relationship. You also may have similar views when it comes to ideas about animals and children.

*His Venus in Your Fifth House*

Any relationship with Matt is going to have real emotional overtones. He has a knack for getting you right in the pit of your stomach. It will never be dull, but it's not likely to be tranquil either. He has real opinions, and tends to push you to declare yourself and to send out roots. There is a drive to get you to settle down and make a home. He has a lot of energy behind this thought. It may be just what you need to stop postponing the domestic scene. He is a real experience.

*His Mars in Your Fourth House*

Matt tends to lead you out of yourself, and urges you to make greater efforts, to reach out and express yourself. You may overdo. Certainly he is a key person as regarding how you view and feel about yourself. Through him you have come

to experience more confidence and happiness. You are proud to be with him and, most of all, he is just fun to be with. Children and animals are two things you share. There may be a tendency to spend all at once. You feel creative and artistic around him.

*His Jupiter in Your Fifth House*

Whatever this relationship may or may not be, it probably is not a social triumph. Matt may tend to be a damper when it comes to group or community get-togethers. Your friends may not like him, or he may be critical of the goals of a particular group. Any groups he might approve of would have very strict morals and ethics. He may simply not like to get together in groups.

*His Saturn in Your Eleventh House*

Matt could be your key to off-beat life styles, alternate ways of living, and new-age homes. Perhaps your home life and day-to-day routine has changed since you first met him. He may encourage you to try different methods of child-rearing, homesteading, or family methods. The traditional life style is just not Matt's way.

*His Uranus in Your Fourth House*

If this is anything else but a brief philosophic or artistic friendship, you may have to take some preventative measure. Matt tends to get you carried away to the point of neglecting responsibilities -- the details of life. Somebody has to empty the garbage, and he may not be the first one to suggest it. He may bring a soothing relief to some of the harsher aspects of life. There is a real temptation to escape from all the little details.

*His Neptune in Your Sixth House*

You have an immediate gut reaction from Matt, especially when he challenges your more traditional ideas of security -- home and family. He can be a disruptive force in your day-to-day routine and home life. He knows just how to get at you, and you may become very emotional when the two of you are together. You may find yourself hiding this relationship, reserving it for times when you can be alone with him.

*His Pluto in Your Fourth House*

## **Report for Ben Affleck Strengths in your relationship with Matt Damon**

Conversations with Matt are always interesting, and he stimulates you to new and different ways of seeing things. He finds your mind fascinating and unusual. You may introduce him to new ideas and concepts.

*Your Mercury Sextile His Uranus (orb: 01 17')*

Aside from any magnetism, this could result in a sound business relationship. You value Matt's judgment and, more often than not, tend to let him act as your guide in matters of career and direction. He knows you appreciate his abilities, and this combination should be an enduring one.

*Your Venus Trine His Jupiter (orb: 02 13')*

You find it easy to talk to (sometimes at) Matt, and you think about him a lot. He encourages you mentally, and may support some communication project you are involved in -- speaking, writing, etc.

*Your Mercury Sextile His Sun (orb: 04 15')*

Matt will find you very supportive when it comes to matters of his career or life direction. He can trust your advice, and you tend to act as a guide for him in many ways. This could be a good business relationship too.

*Your Moon Conjunction His Jupiter (orb: 05 03')*

## **Report for Ben Affleck Challenges in your relationship with Matt Damon**

You may feel that Matt may not always appreciate you enough and that he purposely doesn't give credit where credit is due. You may act and do things that go against his set of values.

*Your Sun Square His Venus (orb: 00 02')*

You may find his influence limiting and even oppressive at times. He may tend to cling to you, and there is this sense of never being able to really get going. There may be authority problems. He may view you as harsh or restrictive.

*Your Sun Square His Saturn (orb: 01 02')*

A basic lack of communication, particularly regarding Matt's career decisions. He tends to go against your way of thinking, or you refuse to talk about this subject with him. It may be difficult to communicate.

*Your Mercury Square His Jupiter (orb: 01 11')*

You may feel that Matt is a hopeless dreamer, and you may refuse to get behind what you term escapism on his part. Your own ambitions run counter to his own sense of mystery and idealism. He may disappoint or deceive you.

*Your Mars Square His Neptune (orb: 01 11')*

You may not appreciate his sense of independence, always having to do something different and unusual. You don't like surprises. It may go against your own set of values and thus be a cause for dissension.

*Your Venus Square His Uranus (orb: 02 07')*

You don't like the way he thinks and expresses himself. You just don't appreciate many of the things he says to you. This bugs him, and he may insist on going against your own set of values.

*Your Venus Square His Mercury (orb: 05 41')*

He may feel that you don't take his ideals seriously enough, and that you discount his more imaginative and creative side. You may feel that he is unrealistic, only fooling himself, and is always getting carried away with one thing or another. There could be deception.

*Your Sun Square His Neptune (orb: 06 24')*

Matt may not appreciate the way you present yourself and act. Your basic energy, the way you feel, is counter in some way to his values and ideals. He may act aloof. You may have a tendency to be a bull in a china shop when it comes to what he cares about.

*Your Mars Square His Venus (orb: 07 33')*

You may not like many things about Matt, and he may feel that you refuse to give him credit or to recognize his values and ideas. He has a way of going on, with or without your approval. There is a kind of stalemate.

*Your Venus Square His Sun (orb: 07 39')*

## **Report for Matt Damon How You Approach Relationships**

A visionary, no doubt, and determined to put all your dreams to work and make them real. You are always looking at the big picture. Others tend to feel you have an almost stark vision of reality and a sense of the future -- of how it will someday be. You play no favorites and are committed. You wonder whether your deep commitment to humanitarian goals may preclude something so personal as a relationship, real love. Yet you need the bond of love and family, and are drawn to warm, effusive, and even vain types -- those with a real sense of themselves, gregarious and playful. A penchant for the artistic and self-absorbed. You love to bring them out and educate them to the demands of the real world.

*Leo on 7th Cusp*

You like someone you can feel pride in, who is very self- expressive and has a commanding presence. You tend toward warm and outgoing types, and there is always a sense of the healthy and good about any of your partners. Kind of a storybook hero.

*Sun Ruler of 7th*

Relationships are always deeply moving experiences for you. You have powerful feelings and can't seem to hide them from others. You're OK when alone, but as soon as you get with a group you can't seem to ignore what you feel. Everything has the tendency to get right to your gut. Marriage is almost unavoidable, so important a role will it play for you. And the road to (and through) marriage is more likely to be turbulent than tranquil. You are committed to all relationships with all your heart. You would make an excellent marriage counselor once you learn to manage your own situation.

*Mars in 7th House*

## Report for Matt Damon Strengths in your relationships

A born lover. You feel right at home with your emotions, and others can't help but remark at your bright, cheery attitude. People like to be around you because you are very expressive and always quick to reveal when you like someone or something. You seldom hide what you are feeling. A love relationship is a real necessity for you and you seldom are without one. You are at home with your sexuality.

*Venus Sextile Mars (orb: 00 04')*

People just naturally love you, perhaps because they sense that you really care for them too. This amounts to more than just a minor talent. You have lots of friends, and many relationships. You're just fun to be around. You may hang out with artistic types, or be one yourself. The feminine, in all of its aspects: fashion, beauty, style, etc., is your cup of tea. You love people and working with the public.

*Moon Sextile Venus (orb: 00 16')*

You are attractive and tend to be physically active. You just might participate in or manage some athletic endeavor. You are in tune with your feelings and really know how to play a crowd for the maximum response. You can always count on support from those around you. You seldom hide how you feel and therefore are no stranger to an occasional argument. You probably got a lot of emotional support as a child, especially from your mother.

*Moon Trine Mars (orb: 00 21')*

You are very skilled and exhibit great artistry in whatever you do. Your work is always well organized and efficiently produced. You are driven to accept more and more responsibility, which is not a burden to you. This is a sign of excellent managerial ability. You're in it for the long haul and are a good example of what real discipline looks like.

*Mars Trine Saturn (orb: 00 60')*

Others soon learn how responsible you are, and that they can depend on you for real support. Sure, you are perhaps a little too organized and run more cool than hot, but you really do care and never let your friends down. Whatever you do is built upon a solid foundation, and that includes relationships. Too serious? Aloof? Perhaps, but you are loyal, dependable, and don't enter into relationships lightly.

*Moon Trine Saturn (orb: 01 20')*

You have a fantastic imagination and are somehow tuned into what we all dream of at the deepest levels. The dream worlds, the more eternal thoughts of mankind, come easy for you, and you would be a convincing speaker on occult, metaphysical, and religious subjects. The way you talk about the intuitive and imaginative realms is very moving to others. You are able to put into words the

sense of unity that we all know exists in the world but can't always keep in mind. You could be a fine poet or musician, especially a composer.

*Mercury Sextile Neptune (orb: 02 43')*

Very sensitive areas of conversation that might intimidate most (taboo subjects, etc.) don't bother you at all. You always persevere and keep right on investigating. You are expert at getting straight to the heart of things, and would make a super sleuth, or researcher. The deeper a secret is buried, the more likely it is that you will turn it up. And when it comes to money, sex, and other highly charged issues, pity anyone who tries to manipulate you. That's your bailiwick, and there are very few who can stand to argue with you.

*Mercury Conjunction Pluto (orb: 03 52')*

You have always had a sense of being special, and of having experiences perhaps others have no memory of. You can handle even the most sensitive areas of your (or another's) mind, and have no problem with controversial and upsetting topics like death, dying, sex, and the like. You can't help being a psychologist of sorts. Sometimes it seems like the universe delights in showing its secrets just for you. You have a sixth sense for values, money, property -- opportunities.

*Moon Trine Pluto (orb: 04 57')*

You have always had a drive to delve into the unknown. The cosmos has real trouble keeping secrets from you once you have made your mind up to investigate. You have great perseverance and staying power. You work well in a crisis; emergencies of all kinds find you on the spot, ready to test your mettle. You are brave -- and unafraid of death or people. You do well with investments, property, and other people's money. You have very little sense of propriety and tend to call a spade a spade. You like to get your hands in the real stuff of life, blood and all.

*Mars Conjunction Pluto (orb: 05 17')*

You love whatever is new or different, and breakthrough flashes of original insight are typical. You could invent something, and you have a natural love for communication and new-age technology. You appreciate independence and originality in others, especially in a partner, and may tend to have unusual friends who are very likely male. You like to keep things spontaneous.

*Sun Conjunction Uranus (orb: 05 32')*

You love to lose yourself in your latest dream, whether it be a person or a project. You find it easy to be caught up in images -- dreams, psychology, metaphysics, cinema, etc. You probably love movies -- anything that flicks on the silver screen. You may be an artist and you certainly run with an artistic crowd. You are charming to the point of being enchanting. Very idealistic.

*Venus Conjunction Neptune (orb: 06 22')*

An original thinker, perhaps an inventor. You have a very sharp mind, capable of real insight. You are always thinking of new ways to do things or a new use for something. You are great at finding solutions for existing problems where others

have run out of ideas. Almost anything can be turned to an advantage, once you put your mind to it. Communication of all kinds, especially computers, electronics, and the new technology, is right up your alley.

*Mercury Conjunction Uranus (orb: 07 48')*

You communicate very well, and it is easy for you to give others a feeling for whatever you're thinking. You tend to believe that there is almost no problem that cannot be handled with words, by talking it out. You could be a fine speaker. Your natural sensitivity for the feelings and thoughts of those around you makes you a valued community member. Needless to say, you want a partner who is at home with feelings and -- above all -- likes to talk.

*Moon Trine Mercury (orb: 08 49')*

## **Report for Matt Damon**

### **Challenges in your relationships**

You find yourself hampered by authority and elders. Too many rules and regulations may inhibit or put a damper on what your heart feels like doing. You may procrastinate and put off attending to the necessities, with the result that duties tend to pile up. You might be somewhat defensive about expressing your real likes and dislikes for fear of being criticized or cut down. You don't always play by the rules.

*Venus Opposition Saturn (orb: 01 04')*

You are torn between the impulse to stand on your own feet, and a need to be cared for and nurtured. Your independent streak may be ashamed of the need on your part for love and affection. It's a no win situation. This could also be re-enforced by a mother and father who may have worked at cross purposes. The resulting tension will have to be dealt with gradually and methodically.

*Moon Square Sun (orb: 07 51')*

## **Report for Matt Damon Your Relationship with Ben Affleck**

You have found a real spiritual friend in Ben. He tends to feel the same way you do about philosophical and religious issues. You find him very supportive, a real collaborator when it comes to ideas and issues of importance. Both of you are real talkers, and probably tend to burn the midnight oil once you get going. It is possible that he may introduce you to new spiritual and metaphysical concepts or strengthen any beliefs you already have. Long trips might be in order.

*His Moon in Your Ninth House*

This is a true partnership -- a real friend. When you first met Ben, you got the message as to what relationships and partners are really all about. Perhaps for the first time you experienced what it is like to totally respond to another person. All you wanted to do was to respond and care for him. You felt responsible. It had the potential for being a real initiation, a coming together. You are ready to work to keep this friendship together.

*His Sun in Your Seventh House*

The two of you have a great rapport. There is mental kinship. In fact a talk session with Ben almost amounts to therapy for you both. There is a real sense of mutual reflection. It would be hard for you to find a more productive intellectual companion. It is possible that you may work together in some public way through speaking, writing, investigating. A real meeting of the minds.

*His Mercury in Your Seventh House*

Ben appreciates your sense of self -- the way you feel and express yourself. He is proud of you and always urges you on to greater heights of creativity and self-expression when you are with him. Through him you may discover that you are more of an artist or performer than you had imagined. There is much affection and plain old good feelings. Great friendship potential. A healthy relationship. You also may have similar views when it comes to ideas about animals and children.

*His Venus in Your Fifth House*

He can be a real go-getter when it comes to the social scene -- always on the move. This may have the effect of moving you to get out and be sociable. The two of you could do a lot together. It is possible that your friends may see him as just a little pushy or too game. Relations may take on an emotional tone that could be unneeded or unwelcome. He may tend to be the life of the party.

*His Mars in Your Seventh House*

He is a very social being and may be the key to your making friends in the community or within a particular group. His high ideals and selflessness guide you in your own behavior. He could introduce you to political or social values that are uplifting. The two of you share dreams and ambitions. He can show you how to put these ideas to work. A good friend.

*His Jupiter in Your Eleventh House*

Ben loves routine. He takes the domestic scene very seriously and especially loves to work around the home. You may find this helpful at times, but more likely you will experience it as restricting. There is a sense of heaviness, as if limits have been set on the experience of just living out a day. On the up side, there is a great sense of security and provision.

*His Saturn in Your Fourth House*

Ben is very direct. He seems to cut to the very heart of a situation, which sometimes leaves you feeling exposed and vulnerable. Yet time spent with him can be terribly exciting. You find yourself wanting to get rid of a lot of excess social baggage when you two are together. You may tend to spend a lot of time alone due to the very sensitive and open relationship you share. He may be able to lead you into making some very shrewd and innovative business deals.

*His Uranus in Your Eighth House*

Ben could have a strong effect on your motivation and career direction. You may find him inspiring and able to give you a clear picture of the ideal possibilities of your work. He is capable of generating great enthusiasm on your part, and you are easily enchanted by his images and words which can have an almost numbing effect on you. If you work closely together, this can have a very beneficial effect on your attitude. If you get too far apart, the whole thing can take on an unreal quality.

*His Neptune in Your Tenth House*

This relationship is direct and intense. You can't ignore Ben, and he knows how to get right to you with a single glance. He won't put up with excuses or habits of yours which are a waste of your time or money. He is not afraid to get right in there and change you himself. He doesn't ask your permission to do the obvious. This may result in a real power struggle for you both. On the other hand, this could be a powerful business relationship.

*His Pluto in Your Eighth House*

## **Report for Matt Damon**

### **Strengths in your relationship with Ben Affleck**

You both have an understanding that he is a little different and likes his independence. This is not a problem. He brings some excitement and adventure to your life, and may be restless and on the go. He may introduce you to unusual friends and situations.

*Your Sun Conjunction His Uranus (orb: 00 21')*

You somehow are able to put Ben's dreams and ideals into words. He finds you very imaginative, even eloquent, and may love poetry and music that you write. There is a basic sense of shared ideals, and you have long dreamy conversations.

*Your Mercury Sextile His Neptune (orb: 00 43')*

He finds you willing and able to discuss even the most sensitive, personal, and psychological issues. You naturally understand the changes he's going through, and you have a knack for putting them into words. This could be a fine business relationship because both of you can concentrate on the essentials.

*Your Mercury Conjunction His Pluto (orb: 01 18')*

This could be a real working relationship. Ben has an organizing effect on you, and brings discipline and good sense to any project the two of you engage in. Although somewhat cool and conservative, this has every sign of being a very durable relationship.

*Your Sun Trine His Saturn (orb: 03 28')*

He has a way with words which you find flattering and interesting, since the subject is often you. He enjoys talking to you and may also write you letters. You find him stimulating mentally, and communication is most often smooth.

*Your Sun Sextile His Mercury (orb: 04 15')*
